THE OPPORTUNITY

- **AUDIENCE:** The region is budding with mountain bike (MTB) enthusiasts and potential; the annual **Churney Gurney** mountain bike festival is now one of the best-attended MTB races in the state.

THE STATS

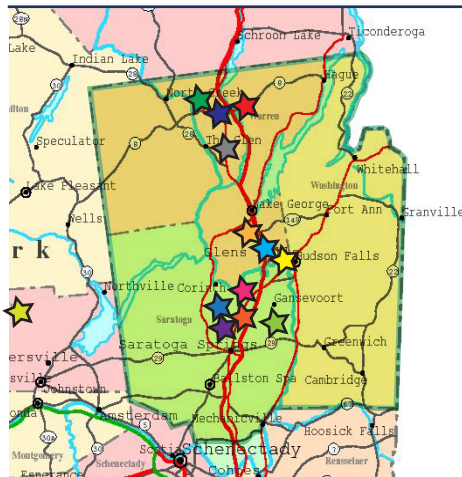

TRAIL COUNT VISITS
at Gurney Lane Mountain Bike Park
since 2015

(2019-2023 user counts include Gurney Lane South trails. Figures courtesy of Queensbury Parks & Recreation Dept.)

Mountain biking in the Southern Adirondacks continues to grow at a phenomenal rate. Case in point: Visits to Gurney Lane Mountain Bike Park trails are eight times what they were in 2015 with the addition of Gurney South in 2019. Mountain biking is bringing in more local residents and visitors to the region, enjoying the variety of trail systems. Novice to expert riders can experience a full range of trails, from professional, purpose-built "flow" trails, to challenging, technical riding. Mountain bikers are staying in overnight lodging and camping facilities and dining in the restaurants. Professional bicycle shops are conveniently located nearby the trail systems to provide sales, rentals, and service.
